

Phase Change Comic Sketch!

Phase change comic sketch:

Task:

1. By the use of a molecular comic character, create a comic storyline of 4 phase changes.
2. The phase changes can be any 4 phase changes but must occur in a logical manner and cannot be repeated.
3. The phase change can start at any phase
4. A description of the phase change in the molecular sense must be used including the use of Kinetic Molecular Theory.
5. A particulate drawing of the phase changes MUST be drawn. This could be your character or drawn separately.

Your assessment rubric

1. Creativity will be evaluated based on 5 points
2. A complete and coherent storyline is evaluated based on 5 points
3. A comprehensive explanation on the details of a phase change is evaluated based on 10 points.
4. Bonus 2 points will be awarded based on the neatness, effort, completeness and overall appeal.

0 Points	1 Point	2 Points	3 Points	4 Points	5 Points
Incomplete	Little to no effort. Absence of detail	Inadequate and poorly written explanation. Many details missing.	Average. Some points are covered but main points are missing.	Good. On the right track. Most points are met. Additional effort or detailed explanations are required.	Perfect.
