

The Heart and Blood Flow Around Body

Label the parts of the heart below

Internal View of the Heart

Label the blood vessels and how blood flows around the body below

Try completing the following blood flow order without the use of your diagram.

Left lung
Right pulmonary artery
Superior vena cava
Right lung
Aorta
Left pulmonary vein
Pulmonary valve (semilunar)
Bicuspid valve
Left atrium
Tricuspid valve (AV valve)
Left ventricle
Right ventricle
Right pulmonary vein
Left pulmonary artery
Capillary bed
Right atrium
Aortic semilunar valve
