

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Wings Mutation – Delete the nucleotides from bases 4,5,6,7

Wings Mutation – Add 2 bases at 8, and 9

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Limbs mutation – Delete bases 6,7,8, and 9

Limbs mutation – Change the 6th base to T

Eye Colour mutation – Add T-T-T after the 9th basepair.

Eye Colour Mutation – Delete the 11th and 12th base

Eye Colour Mutation – Change the 5th base to C

Eye Colour Mutation – Change the 8th base to G

Eye Colour mutation – Add T-T-T after the 9th basepair.

Eye Colour Mutation – Delete the 11th and 12th base

Eye Colour Mutation – Change the 5th base to C

Eye Colour Mutation – Change the 8th base to G

Eye Colour mutation – Add T-T-T after the 9th basepair.

Eye Colour Mutation – Delete the 11th and 12th base

Eye Colour Mutation – Change the 5th base to C

Eye Colour Mutation – Change the 8th base to G

Eye Colour mutation – Add T-T-T after the 9th basepair.

Eye Colour Mutation – Delete the 11th and 12th base

Eye Colour Mutation – Change the 5th base to C

Eye Colour Mutation – Change the 8th base to G

Eye Colour mutation – Add T-T-T after the 9th basepair.

Eye Colour Mutation – Delete the 11th and 12th base

Eye Colour Mutation – Change the 5th base to C

Eye Colour Mutation – Change the 8th base to G

Eye Colour mutation – Add T-T-T after the 9th basepair.

Eye Colour Mutation – Delete the 11th and 12th base

Eye Colour Mutation – Change the 5th base to C

Eye Colour Mutation – Change the 8th base to G

Eye Colour mutation – Add T-T-T after the 9th basepair.

Eye Colour Mutation – Delete the 11th and 12th base

Eye Colour Mutation – Change the 5th base to C

Eye Colour Mutation – Change the 8th base to G

Skin Colour Mutation – Add GG after the 12th basepair

Skin Colour Mutation – Delete bases 13, 14 15.

Skin Colour Mutation – Change the 4th base to Adenine

Skin Colour Mutation – Add GG after the 12th basepair

Skin Colour Mutation – Delete bases 13, 14 15.

Skin Colour Mutation – Change the 4th base to Adenine

Skin Colour Mutation – Add GG after the 12th basepair

Skin Colour Mutation – Delete bases 13, 14 15.

Skin Colour Mutation – Change the 4th base to Adenine

Skin Colour Mutation – Add GG after the 12th basepair

Skin Colour Mutation – Delete bases 13, 14 15.

Skin Colour Mutation – Change the 4th base to Adenine

Skin Colour Mutation – Add GG after the 12th basepair

Skin Colour Mutation – Delete bases 13, 14 15.

Skin Colour Mutation – Change the 4th base to Adenine

Skin Colour Mutation – Add GG after the 12th basepair

Skin Colour Mutation – Delete bases 13, 14 15.

Skin Colour Mutation – Change the 4th base to Adenine

Skin Colour Mutation – Add GG after the 12th basepair

Skin Colour Mutation – Delete bases 13, 14 15.

Skin Colour Mutation – Change the 4th base to Adenine

Skin Colour Mutation – Add GG after the 12th basepair

Skin Colour Mutation – Delete bases 13, 14 15.

Skin Colour Mutation – Change the 4th base to Adenine

Skin Texture Mutation – Add 5bp GGTAG starting at the 5th base

Skin texture Mutation – Delete bases 6, 7, 8, 9, 10

Skin texture mutation – Change base #5 to C

Skin texture mutation – Change the 9th base to T

Skin Texture Mutation – Add 5bp GGTAG starting at the 5th base

Skin texture Mutation – Delete bases 6, 7, 8, 9, 10

Skin texture mutation – Change base #5 to C

Skin texture mutation – Change the 9th base to T

Skin Texture Mutation – Add 5bp GGTAG starting at the 5th base

Skin texture Mutation – Delete bases 6, 7, 8, 9, 10

Skin texture mutation – Change base #5 to C

Skin texture mutation – Change the 9th base to T

Skin Texture Mutation – Add 5bp GGTAG starting at the 5th base

Skin texture Mutation – Delete bases 6, 7, 8, 9, 10

Skin texture mutation – Change base #5 to C

Skin texture mutation – Change the 9th base to T

Skin Texture Mutation – Add 5bp GGTAG starting at the 5th base

Skin texture Mutation – Delete bases 6, 7, 8, 9, 10

Skin texture mutation – Change base #5 to C

Skin texture mutation – Change the 9th base to T

Skin Texture Mutation – Add 5bp GGTAG starting at the 5th base

Skin texture Mutation – Delete bases 6, 7, 8, 9, 10

Skin texture mutation – Change base #5 to C

Skin texture mutation – Change the 9th base to T

Skin Texture Mutation – Add 5bp GGTAG starting at the 5th base

Skin texture Mutation – Delete bases 6, 7, 8, 9, 10

Skin texture mutation – Change base #5 to C

Skin texture mutation – Change the 9th base to T

Hair on Body mutation – Add G C A G G starting at the 11th base

Hair on Body mutation – Change the 6th base to G

Hair on Body mutation – Delete bases 10, 11, 12

Hair on Body mutation – Add G C A G G starting at the 11th base

Hair on Body mutation – Change the 6th base to G

Hair on Body mutation – Delete bases 10, 11, 12

Hair on Body mutation – Add G C A G G starting at the 11th base

Hair on Body mutation – Change the 6th base to G

Hair on Body mutation – Delete bases 10, 11, 12

Hair on Body mutation – Add G C A G G starting at the 11th base

Hair on Body mutation – Change the 6th base to G

Hair on Body mutation – Delete bases 10, 11, 12

Hair on Body mutation – Add G C A G G starting at the 11th base

Hair on Body mutation – Change the 6th base to G

Hair on Body mutation – Delete bases 10, 11, 12

Hair on Body mutation – Add G C A G G starting at the 11th base

Hair on Body mutation – Change the 6th base to G

Hair on Body mutation – Delete bases 10, 11, 12

Hair on Body mutation – Add G C A G G starting at the 11th base

Hair on Body mutation – Change the 6th base to G

Hair on Body mutation – Delete bases 10, 11, 12

Hair on Body mutation – Add G C A G G starting at the 11th base

Hair on Body mutation – Change the 6th base to G

Hair on Body mutation – Delete bases 10, 11, 12

Hair on Body mutation – Add G C A G G starting at the 11th base

Hair on Body mutation – Change the 6th base to G

Hair on Body mutation – Delete bases 10, 11, 12

X factor mutation – Change the 7th base to C

X factor mutation – Delete bases 5, 6, 7, 8

X factor mutation – Change the 11th base to A

X factor mutation – Change the 7th base to C

X factor mutation – Delete bases 5, 6, 7, 8

X factor mutation – Change the 11th base to A

X factor mutation – Change the 7th base to C

X factor mutation – Delete bases 5, 6, 7, 8

X factor mutation – Change the 11th base to A

X factor mutation – Change the 7th base to C

X factor mutation – Delete bases 5, 6, 7, 8

X factor mutation – Change the 11th base to A

X factor mutation – Change the 7th base to C

X factor mutation – Delete bases 5, 6, 7, 8

X factor mutation – Change the 11th base to A

X factor mutation – Change the 7th base to C

X factor mutation – Delete bases 5, 6, 7, 8

X factor mutation – Change the 11th base to A

X factor mutation – Change the 7th base to C

X factor mutation – Delete bases 5, 6, 7, 8

X factor mutation – Change the 11th base to A

X factor mutation – Change the 7th base to C

X factor mutation – Delete bases 5, 6, 7, 8

X factor mutation – Change the 11th base to A

X factor mutation – Change the 7th base to C

X factor mutation – Delete bases 5, 6, 7, 8

X factor mutation – Change the 11th base to A

Intelligence Mutation – Change the 7th base to C

Intelligence Mutation – Change the 9th base to G

Intelligence mutation – Change the 11th base to C

Intelligence Mutation – Change the 7th base to C

Intelligence Mutation – Change the 9th base to G

Intelligence mutation – Change the 11th base to C

Intelligence Mutation – Change the 7th base to C

Intelligence Mutation – Change the 9th base to G

Intelligence mutation – Change the 11th base to C

Intelligence Mutation – Change the 7th base to C

Intelligence Mutation – Change the 9th base to G

Intelligence mutation – Change the 11th base to C

Intelligence Mutation – Change the 7th base to C

Intelligence Mutation – Change the 9th base to G

Intelligence mutation – Change the 11th base to C

Intelligence Mutation – Change the 7th base to C

Intelligence Mutation – Change the 9th base to G

Intelligence mutation – Change the 11th base to C

Intelligence Mutation – Change the 7th base to C

Intelligence Mutation – Change the 9th base to G

Intelligence mutation – Change the 11th base to C

Intelligence Mutation – Change the 7th base to C

Intelligence Mutation – Change the 9th base to G

Intelligence mutation – Change the 11th base to C

Intelligence Mutation – Change the 7th base to C

Intelligence Mutation – Change the 9th base to G

Intelligence mutation – Change the 11th base to C

Hair Colour mutation – Change the 9th base to A

Hair Colour mutation – Deletion of the 4th base

Hair Colour mutation – Change the 10th base to A

Hair Colour mutation – Addition of G at the 7th base

Hair Colour mutation – Change the 9th base to A

Hair Colour mutation – Deletion of the 4th base

Hair Colour mutation – Change the 10th base to A

Hair Colour mutation – Addition of G at the 7th base

Hair Colour mutation – Change the 9th base to A

Hair Colour mutation – Deletion of the 4th base

Hair Colour mutation – Change the 10th base to A

Hair Colour mutation – Addition of G at the 7th base

Hair Colour mutation – Change the 9th base to A

Hair Colour mutation – Deletion of the 4th base

Hair Colour mutation – Change the 10th base to A

Hair Colour mutation – Addition of G at the 7th base

Hair Colour mutation – Change the 9th base to A

Hair Colour mutation – Deletion of the 4th base

Hair Colour mutation – Change the 10th base to A

Hair Colour mutation – Addition of G at the 7th base

Hair Colour mutation – Change the 9th base to A

Hair Colour mutation – Deletion of the 4th base

Hair Colour mutation – Change the 10th base to A

Hair Colour mutation – Addition of G at the 7th base

Hair Colour mutation – Change the 9th base to A

Hair Colour mutation – Deletion of the 4th base

Hair Colour mutation – Change the 10th base to A

Hair Colour mutation – Addition of G at the 7th base
